

# 2024 SYEP FAQ

## **When are SYEP Agency Proposals?**

We will notify agencies two weeks before proposal date.

## **What % of the full award must go to youth expenses?**

**Of that %, what is counted (for example, is it just wages or does it include nutrition, supplies, etc?)**

66% goes toward youth wages

## **Regarding the length of the project- How long are youth able to work?**

We are looking at 6-8 weeks. You don't want to run orientation until you have a contract, so it depends on when you start. The contract won't be delivered until the money arrives. Programming may run until September 30th, 2024.

## **How do I submit my proposals?**

You can use our dropbox link or send them directly to [taylor@dcwib.org](mailto:taylor@dcwib.org)

## **Can youth enroll if they are in college and have zero work experience?**

No. This program is for high school students only.

## **Is transportation provided by DCWIB to the Youth Summit?**

No.

## **Can youth complete a registration form for each agency program?**

Yes. Agencies may use their own registration form for their own program purposes. But it is mandatory that youth complete an Universal Application and TANF for the DCWIB.

## **Historically, SYEP has matched minimum wage which currently sits at \$15/hourly. Is this different this year?**

Youth will be paid \$15/hourly.
