YEP GOALS AND OBJECTIVES:

YEP is an important platform which is intended to help reduce community gun violence and youth criminal justice involvement by providing year-round employment opportunities. Research shows that vulnerable at-risk and unemployed youth can face struggles later in life, including poverty, dependence on public assistance programs and criminal justice involvement. In addition, youth exposed to trauma and violence may suffer long-term harmful effects later in life, including barriers to successful employment and financial stability.

The overarching goal of YEP is to provide youth with a set of work-related experiences that will better prepare them to succeed in future employment. YEP should help participants achieve the following objectives:

- Learn and develop skills in a work environment after school responsibilities are fulfilled.
- Identify transferable skills.
- Experience workplace norms and culture.
- Increase financial literacy and learn how to manage money.
- Develop social skills including communication, critical thinking, decision-making/problem-solving, and self-management.
- Understand career pathways including the linkages between educational attainment, relevant experience, demonstrable skills, and career advancement.
- Build professional networks.

These funds support programs which include employment, education and/or career exploration opportunities for TANF-eligible youth. This funding is further intended to support employment programs for youth at risk of gun violence as part of a statewide gun violence reduction intervention model.

The 2024-2025 YEP will serve youth 14 to 20 years of age and will operate from September 1, 2024, to June 30, 2025. Participant enrollments for the months of July and August are expected to be funded through the Summer Youth Employment Program (SYEP) allocation.
