#### **REPORT DUE 10/10/25**

<u>Outcomes</u> are benefits for participants during or after their involvement with a program. Outcomes may relate to knowledge, skills, attitudes, values, behavior, condition or status. <u>Outputs</u> are products of a program's activities, such as number of participants served. Another term for "outputs" is "units of service." A program's outputs should produce desired outcomes for the program's participants.
